**Overview**

When upgrading or replacing existing card readers, the removal of old systems may sometimes leave a footprint in the decoration, or perhaps superficial damage to plaster or wall surface.

**Mechanical**

Dimensions	111 x 111 x 5 mm (4.4 x 4.4 x 0.2 inches)
Housing	Acrylic
Mounting	Suitable plain surface
Fixing	4mm., max' diameter

(cover plate with RX1 fitted)

Reader Models are sold as customer-specific configurations.

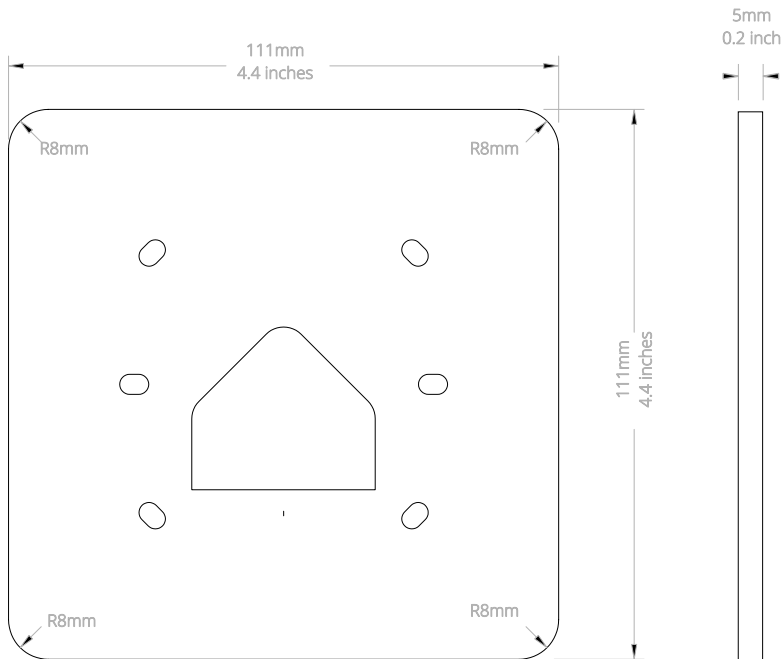

Please call +44 (0) 1495 751 992 to discuss your custom configuration or LEGIC® reader requirements.

**MODEL**

**RX1/K-CP**

To provide a clean and simple solution, and help mask minor cosmetic damage, a limited range of cover plates are available, to which the standard reader backplate may be fixed. This simple solution will give a larger footprint to the RX1 or RX1K readers, and may help to minimise or remove the need to redecorate.

The cover plate replaces the screw holes and cable access to the reader modules, allowing the standard reader backplate to be fixed direct to the wall (through the cover plate). No other fixing is required.

**Key features**

- UK design and manufacture
- 5mm thick ACRYLIC template
- Black gloss finish
- No additional fixing required

(cover plate with RX1K fitted)
