

Mechanical	
Dimensions	164 x 74 x 5 mm (6.5 x 3.9 x 0.2 inches)
Material	Acrylic
Mounting	Suitable plain surface
Fixing	4mm., maximum diameter

base model No.	Product Description
RX2-CP	<p>When upgrading or replacing existing card readers, the removal of old systems may sometimes leave a 'footprint' in the decoration, or perhaps superficial damage to plaster or the wall substrate.</p> <p>To provide a clean and simple solution and help mask minor cosmetic damage, a limited range of cover plates can be made available, and to which the standard reader backplate may be fixed. This simple addition will give a larger footprint to the RX2 reader, and may help to minimise or remove the need to redecorate.</p> <p>The cover plate replicates the screw holes and cable access to each of the readers described here, allowing the standard reader backplate to be fixed direct to the wall (through the cover plate). No other fixing is required.</p>

(cover plate with RX2 fitted)

Key features

- UK design and manufacture
- 5mm thick ACRYLIC template
- Black gloss finish
- No additional fixing required
